Briscoe Junior High School

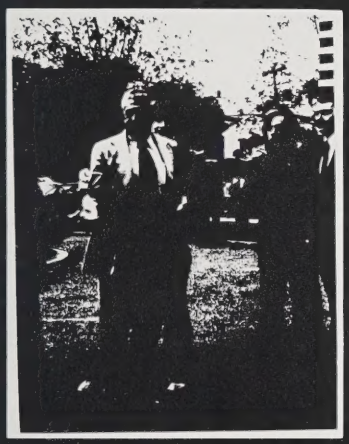

Looking back at the years that have passed, we carry with us a feeling of triumph. We have been challenged by the three years of junior high, which have prepared us for an even bigger adventure. We coped with seventh grade, grew a little in grade eight, and are now leaving ninth with a feeling of accomplishment. We have many more years and trials ahead of us, but now we can face them with confidence. Briscoe Junior High has taught us how to win with pride and lose with dignity. Someday we'll look back upon our odyssey and know that Briscoe was more than just a learning experience . Thank you, Briscoe; you're number one to all of us!

The Captain

Briscoe Odyssey

We sailed through seven periods
For five hundred and forty days,
And sank into our homework
To earn some decent grades

We continued on our journey;
The waves were getting rough,
Then came the test of courage-
Did we study our notes enough?

We passed with flying colors,
And we were on our way.
"Full speed ahead," came the
captain's cry.
It was our favorite day.

The first step was completed,
And we'd return to shore,
But then another year had come;
We'd board the ship once more.

The climax of our voyage
Was reaching the head of the class.
Upon the S.S. Briscoe
Our cards were stamped, "You pass."

The Storm

The sun was out and the sea was calm,
But still my stomach churned.
The further that we got from land,
The more for it I yearned.

About 500 kilometers
Away from shore we roamed.
We ran into a hurricane,
And boy, I wanted home.

Then I ran to see the nurse;
I hoped I could make it all right.
I wished the boat would stop spinning,
For my walking was worse than my sight.

When hurricane Jack started settling down,
We pulled into Briscoe Port.
I vowed I'd never step off land
On a sailboat, yacht, or anything of that sort!

Basketball Cheerleaders

Girls' Basketball

"With the movement of a swan in flight, she holds the ball and dribbles it down the court. With the greatest perfection she goes into a leaping jump, throws the ball, and her heart triumphs as she makes the winning point."

Hockey Team

The hockey player glides across the ice with his head held high, showing courage and pride. With the smallest turn of his wrist he shoots the puck past the goalie. Once again, he earns his fame.

Before we started compiling this yearbook, we decided on a nautical theme. We thought our theme was appropriate because, after all, Beverly is right on the coast. We hope that all seventh and eighth graders find their share of treasures in the BRISCOE BRIEFS and all ninth graders sail on to greater adventures in the high school. We also hope that you have enjoyed this yearbook as much as we have enjoyed designing it. Anchors Aweigh!
